

# ClickBed Twin

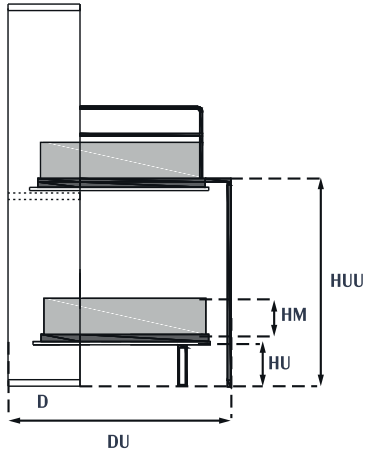

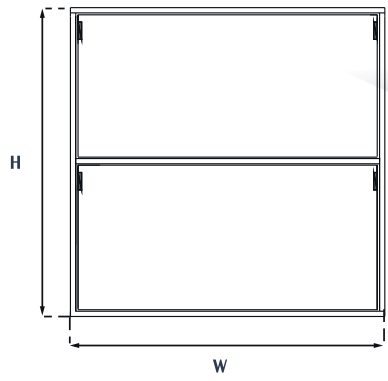

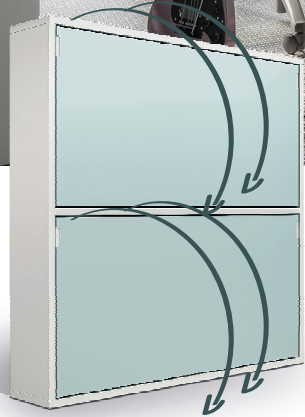

## Clickbed Twin

The one&only - a retractable bunk bed. Unlike the traditional version, this bed can be folded at any time and you can enjoy the extra space. Because when closed, the furniture is only 40 cm thick. Another advantage is that you can mount a desk on the front of the lower bed. Yet another that each bed works independently. Can your bunk bed do that? Pictured with 3D headrests and LED lighting.
